Edward Alper  
his Book

France by its rich diversity of soil & climate  
 English, Dutch & other has perhaps  
 more of all heights & valleys by their  
 and goods, pages 22.

The Dutch employ 30000 trading & other  
 goods, Dutch, Pol, Pol, pages 23.

and goods, pages 24.

the fishing trade for Cod & Herrings  
 on the coast of Engl employ above 10  
 Dutch ships 20000 of their men & of  
 the Dutch are an excellent profit of goods  
 the particular manufactures in making  
 and making of fish, pages 25.

Amsterdam is never with 700,000 quor  
 less of corn, dearth in Eng<sup>t</sup> France  
 Spain or Portugal is allowed to enrich itself  
 for 7 years in of last death about 6 years  
 past of Holland in Hamburg is in one  
 year a half conveyed for Bristol  
 Southampton Exeter near 200,000 p<sup>rs</sup>  
 Hgt. of exporting Bullion & Treasures  
 The miserably Heavy Tax with  
 Flax for Norway Sweden ash  
 & English wood Tasting Linen ready  
 of Cloathing into other parts of  
 of good buy at Comad Age pag. 40  
 No nation is adapted for a mighty Trade  
 of all sorts as Eng<sup>t</sup> by help of  
 Commodities as Tin Lead Iron Allom  
 Copper Saffron Wool Corn, it is one  
 of most fertile Kingdoms, as of all parts  
 of any Nation in Europe no part of  
 The Dutch will sail with of 10 men  
 as an English Ship of 7 same burden  
 shall not sail with near 30 pag. 51  
 The Dutch & French will sell their flax  
 cheaper for us in the pag. 54  
 The Dutch mix our wool with Spanish & other  
 Gen now lose its Trade to Ligon because  
 they sell a custom of 16 per cent on  
 Goods imported pag. 143

An account of the voyage into the East Indies  
 in 1674 of first years were with about  
 24,000 p<sup>rs</sup> then was the increase  
 630 to 407,000 in May 1607 it decreased  
 to com 12/026 pag. 146  
 The carrying away of money has prohibited  
 in Spain yet it is still done pag. 149  
 Before the end of 3 years of Flemming  
 manufacture of wool which was much  
 rarer of it, but he offered of great  
 advantage they made of it, brought  
 over some French manufactures  
 who taught of English also he prohibited  
 exporting wool even partially giving  
 good persons to buy, these were  
 absolute prohibitions for exporting  
 all parts of the East Indies & elsewhere  
 will keep a manufacture of flax  
 & other things of making whereby they  
 were not brought into the place  
 his reputation done away their manufac-  
 tures, whom they also received  
 flax in the place of wool in the  
 being they also taught us of making of  
 together of the same kind of  
 we had of the same kind of  
 Ireland, Lifford, Poland Muscovy  
 & are now such pag. 150  
 The Dutch send 1500 pieces a year  
 into France into the West Indies, and also  
 and also about 7 into the hands of other  
 as a large of manufactures of other  
 Ballast to Muscovy and other parts  
 pag. 151

for vend of woollen cloathing yearly into  
 France to value of 600000 £  
 France does not take up the manufacture  
 at home & France takes in a tax of  
 20 per cent on all Engl. cloth imported  
 Foreigners of Engl. cloth include their  
 ships to Ireland, thence to nearly they did  
 it in Engl. per 150  
 we before of Irish took exported vast  
 quantities of Butter & Sheep into  
 France Spain Portugal Holland  
 Italy & Ireland. per 109  
 of it is chiefly arriving to English  
 & Irish. per 168  
 we looking for white growing of  
 best to follow of plantation Tobacco  
 now is benefited by it per 173  
 It is said will cultivate Virginia &  
 will produce as good sugars & Tobacco  
 as any part of America & as much  
 as will bring the greatest part of it  
 home per 175  
 When Thomas Muddiford was  
 governor of Jamaica English were  
 20000 men near 10000 of which per 177  
 Linnen was a great manufacture in  
 Cheshire & Lancashire per 177  
 Fine Holland & the fine foreign linnen  
 more up of former is full of better  
 years were but now by reason of quality &  
 by it is more than ever before

On Ticking in Devonshire a ton weight  
 much improved & much foreign Ticking  
 brought in per 100  
 At Tipton. Linen Draper & Dealer for  
 20000 per Hand with hardly sell 2000  
 English Linen of all sorts per year  
 The Country Wines are imported from  
 18000 per year & at 20 per Tonne  
 20000 per Hand in export London  
 with surplus of about 5000 per Hand  
 in first cost of English 20000 per Hand in  
 Spanish Wine was 1000  
 The French over-taken in 1792  
 is about a Million yearly per 140  
 of at Quaker's of French Wine imported  
 into Engl. & no more per year & per price  
 The French import a duty of 50 per Cent  
 of an Engl. Cloth imported into France 194  
 A bill of 1/2 Merchants offering  
 with other nations the year  
 bought Dutch built ships whereupon  
 of French issued out on Dutch for  
 seizing any ships built in any  
 Country & by the Dutch seized the  
 Mail of Merchants ships & per  
 of disadventure of Engl. 196  
 yearly travelling into France  
 page 190

1791. Raleigh showed to King James  
 of Dutch gold 1372000 of Arad  
 by fishing of Cod Herrings & King  
 by of goods of Holland & England by  
 accounts he took at y<sup>e</sup> subsidies.  
 Dutch y<sup>e</sup> apprehensions w<sup>ch</sup> their Trade  
 in y<sup>e</sup> North Sea & but one Port in  
 France viz Rouen pag. 202  
 The considerable exportable commodities  
 for France were till lately Corn  
 wine, Salt, Iron, & other considerations  
 any Port of Dutch sovereignty after  
 Trade gave a mighty vent to  
 their Commodities pag. 204  
 The English Exports to France  
 amounted to two Millions, of Dutch  
 value of 400 Millions more of y<sup>e</sup> East  
 of French Trade w<sup>ch</sup> principal  
 foundation of y<sup>e</sup> Dutch Trade for  
 Port to Port pag. 201  
 How y<sup>e</sup> French Dept Revenue was raised  
 by degrees w<sup>ch</sup> now a million years  
 of 1791. Raleigh observed y<sup>e</sup> English  
 years had 5 Millions by y<sup>e</sup> Dutch  
 buying & depending of Cloth, & Wine  
 Tobacco & other y<sup>e</sup> Dutch for  
 y<sup>e</sup> dipping & dipping of y<sup>e</sup> Dutch  
 in conversation pag. 218

In y<sup>e</sup> year 1636 200 families of  
 manufacturers being about fishing  
 of y<sup>e</sup> North Sea were invited over by  
 y<sup>e</sup> Dutch & so about y<sup>e</sup> year  
 40 they set up 4 in number  
 How they run up w<sup>ch</sup> of y<sup>e</sup> Dutch  
 Trade & look of a privileged  
 Mine see page 210  
 about y<sup>e</sup> year 1660 our Importation  
 & Exportation were both overbal-  
 -anced since page 217  
 It is said of Dutch y<sup>e</sup> exported Com-  
 -modities amounted to 297104 our  
 Imports 319705 of y<sup>e</sup> Kingdom  
 gained in Trade 22544 pag 224  
 w<sup>ch</sup> proportion was nearly bears a  
 100 of 100  
 our Loss in Gold & Silver reduced to  
 about 400000 millions pag. 223  
 Q<sup>u</sup> Elizabeth for bad Health y<sup>e</sup> of  
 from building great ships, w<sup>ch</sup>  
 they desired till shortly afterwards  
 as appears by a Treaty called y<sup>e</sup>  
 great Conference printed in y<sup>e</sup> year  
 of y<sup>e</sup> Arlington, w<sup>ch</sup> states  
 3 years since France was seen  
 able to fit out 20 Sails w<sup>ch</sup>  
 they have 60 pag. 257

The Author of y<sup>e</sup> first conference  
 betw<sup>e</sup> y<sup>e</sup> w<sup>o</sup>rden & Mounst<sup>r</sup>en  
 Colberg<sup>r</sup>. see more of him pag 259  
 The Trunkler of Wala a Justice  
 provided in by by y<sup>e</sup> specialle order  
 of y<sup>e</sup> Ho<sup>l</sup>y Aps<sup>l</sup>es pag: 264
