N. B. It has been discovered that a material error was unfortunately made in one of the Accounts presented to the Committee on Gold Bullion during the last Session: Appendix to printed Report, No. 53. The Amount of Stamp Duty on Notes exceeding £. 5 5s. and not exceeding £. 20. being at the rate of 1s. each, is there stated at £. 3,099. 5s. 6d. during the Quarter ending 10th October 1808; whereas, in truth, it was exactly double that sum; viz. £. 6,198. 11s.
